ORDER:

In the reference 3rd read above ,the CE,CDO has stated that the Project Report was discussed in the 3rd committee meeting held on 24-10-2k and the scheme is considered technically feasible . The Mini Hydel Scheme in present form as submitted by the Developers can be considered for “NOC”, subject to detailed designed to be approved by the Chief Engineer ,CDO, I&CAD department .

2. Further , the committee’s recommendations are as follows:

“The proposed scheme is a run of the river Project ,which utilizes the flow in the Kaddam river and natural fall at Kuntala falls. The Design head of 72.0 M and discharge of 10 Cusecs is considered .A weir of 2.00 m height is proposed to facilitate to draw water in the penstocks .There are no irrigation structures and irrigation at the proposed site. There will not be any impact on the irrigation and the scheme is technically feasible . The firm has to provide afflux bunds where ever necessary to prevent inundation of Forest or nurseries if any . Detailed designs are to be furnished to ensure free flow in to the river.

3. Government after careful examination of the proposal of Admn-cum-CE., SRSP and based on the recommendations of the committee in their meeting held on 24-10-2000 on Technical note on the project, hereby accord “No Objection Certificate” to M/s. Raji Power (P) Ltd., for utilization of water for Mini Hydel Power Project at Kuntala Water Falls with 6 MW capacity subject to the conditions specified below and in addition to general and Technical conditions stipulated in G.O.Ms..No.165 I&CAD (PW-Reforms) Department dt: 11.07.2007.

- i) Water availability is not the responsibility of the Irrigation & CAD Department
- ii) All Statutory clearances for the project, are to be obtained by the developer from the Government/ and on appropriate authorization in respect of (i) Forest clearance (ii) Environment clearance (iii) clearance for Tourism Dept., (iv) and any other clearances necessary for the project are to be obtained from the competent authority duly following the procedures in vogue and shall be submitted to the concerned Superintending Engineer, I & CAD Dept. before grounding the scheme.
- iii) The tariff for power shall be fixed by the State Regularity Commission i.e., APERC as per the guidelines. The tariff for water usage will be fixed by the I & CAD Dept.
- iv) The provisions of the Electricity Act 2003 shall be followed strictly with regard to sale of power.

- v) Government is free to cancel the NOC at any time without assigning any reasons which may lead closure of the unit and the developer has no right to claim any compensation whatsoever.
- vi) The developer has no right to claim any compensation on account of any restriction of supply to the plant.
- vii) The designs of all civil works have to be got approved by the competent authority of the I & CAD Department.
- (viii) The firm will approach the Chief Engineer ,CDO ,I&CAD for approval of design after obtaining all statutory clearances i.e., Environment & Forest clearances and Tourism Department No Objection Certificate etc, before proceeding with any work on the ground.

4. All the General and Technical conditions specified in G.O.Ms.No. 165, I&CAD (PW-Reforms) Dept. dt. 11-7-2007 and also subject to conditions (i) to (viii) specified at above para 3 are also to be incorporated in the Agreement.
